## About World Migratory Bird Day 2020

The 2020 theme of World Migratory Bird Day (WMBD) is " Birds Connect Our World", and was chosen to highlight the importance of conserving and restoring the ecological connectivity and integrity of ecosystems that support the natural movements of migratory birds and that are essential for their survival and well-being. **WMBD** is an annual awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. It has a global outreach and is an effective tool to help raise global awareness of the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them. In 2018, WMBD unified the planet's major migratory bird corridors, or flyways: the African-Eurasian flyway, the East Asian-Australasian flyway, and the Americas flyways. **WMBD is now celebrated twice a year, on the Second Saturday in May and in October. In 2020, WMBD will be held on 9 May and 10 October.** The EAAFP Secretariat encourages Partners to celebrate WMBD twice a year.

## Introduction of EAAFP WMBD 2020 Small Grant

The Small Grant for 2020 [World Migratory Bird Day](#) (WMBD) has been established to provide financial support to [EAAFP Partners](#) and collaborators from [EAAFP Task Forces and Working Groups](#) who plan to organize **public events and/or conservation action-oriented workshops** at national or local levels through participating in the World Migratory Bird Day. We strongly encourage EAAFP Partners and collaborators to make an application for any suitable event or development of WMBD materials in local language that aims to raise awareness on the need of conserving migratory waterbirds and the value of their habitats in East Asian – Australasian Flyway.
