About World Migratory Bird Day 2021

WMBD is an annual awareness-raising campaign highlighting the need for the conservation of migratory birds and their habitats. It has a global outreach and is an effective tool to help raise global awareness of the threats faced by migratory birds, their ecological importance, and the need for international cooperation to conserve them. In 2018, WMBD unified the planet's major migratory bird corridors, or flyways: the African-Eurasian flyway, the East Asian-Australasian flyway, and the Americas flyways. **WMBD is now celebrated twice a year, on the Second Saturday in May and in October. In 2021, WMBD will be held on 8 May and 9 October.** The EAAFP Secretariat encourages Partners to celebrate WMBD twice a year.

Introduction of EAAFP WMBD 2021 Small Grant

The Small Grant for 2021 [World Migratory Bird Day](#) (WMBD) has been established to provide financial support to [EAAFP Partners](#) and [EAAFP Task Forces and Working Groups](#) who plan to organize **public events and/or conservation action-oriented workshops** at national or local levels through participating in the World Migratory Bird Day. We strongly encourage EAAFP Partners and collaborators to make an application for any suitable event or development of WMBD materials in local language that aims to raise awareness on the need of conserving migratory waterbirds and the value of their habitats in East Asian – Australasian Flyway.

Eligibility Criteria

Applicants who plan to organize an event to celebrate World Migratory Bird Day 2021 need to base in the EAAFP Partner countries. In addition, EAAFP Partner countries included in the DAC list of ODA Recipients are our priority to support. (If you are not sure, please see the [list of EAAFP Partners](#), and [DAC list of ODA Recipients](#)). If you are not the country focal point of EAAFP, please consult and plan with EAAFP focal point of your country before you apply.

Please note that this grant is to initiate a WMBD event, not to cover the costs for the existing WMBD event expenses. Applications with similar contents (location, target participants etc.) to previous years may not be accepted.

*Due to COVID-19, we encouraged applicants to carry out activities which prevent face-to-face activities to reduce risk of spreading COVID-19. All activities organization has to follow national guidelines of the country to prevent COVID-19. We also encourage proposals to promote Flyway Network Sites for the WMBD activities.

Information of the application

Firstly, Applicants must meet the eligibility criteria set for funding assistance under EAAFP WMBD 2021 Small Grants Programme.

For your budget planning, please note a maximum of 1,000 USD will be allocated to each country. We recommend you submit the application as early as possible.

The deadline for application is **20 August 2021**. Please submit an application to Ms. Vivian Fu, Communication Officer via email (Word or PDF document) at communication@eaaflyway.net and wmbd@eaaflyway.net.

After the Secretariat receives your application, the approval of successful proposals is made by the Secretariat. Applicant will hear of the result within two weeks after the deadline. Incomplete applications will not be accepted.

Successful applicants have a responsibility to help translate the World Migratory Bird Day materials into their own languages which will be shared on the World Migratory Bird Day website (<https://www.worldmigratorybirdday.org/>).

Title: Youth for Migratory Birds: A Forum on Migratory Birds Protection and Wetland Conservation

Date: October 8-9, 2021

Location: General Santos City, Philippines and Hybrid Program

Organiser: Ibaraki Academy

Target participants: Students, Youth Leaders, Out of School Youth, Environmental Organization, Conservation Organizations

Expected number of participants: 30 participants

Event objectives and plan (max. 500 words):

Rationale:

With the changing climate and increasing temperature of our planet, our way of life have been compromised. Biodiversity loss is increasing at an alarming rate, almost 150 species are becoming extinct each day. Migratory birds provide ecosystem benefits that include pest control, pollination of plants and serve as food sources for other wildlife. It is our collective duty to protect these beautiful creatures and make sure that the next generation can also witness these species. This even aims to encourage the youth to be the ambassadors to promote migratory birds protection and coservation of Philippines wetlands.

Objectives:

- To increase the awareness of the Youth on the importance of migratory birds and wetlands and how they can help protect them.*
- To use the social media and make digital campaigns for information and education awareness materials for the protection of migratory birds and wetland conservation*
- To understand the importance of the Philippine wetlands, the Ramsar Convention and potential Flyway Network Site, and what can the Youth can do to help with its conservation.*

Expected Outcome:

After the two day forum the participants have increased knowledged about the importance of migratory birds and wetlands. The participants can be able to understand how important the Philippines wetlands, the Ramsar convention and the EAAFP in the current situation of our Society . Also this forum aims to help them create their digital campaigns for the protection of migratory birds and conservation of wetlands which will be published on different social media platforms to spread information and awareness.
