FUNDING AGREEMENT**

**EAAFP World Migratory Bird Day small grant
Report**

Section 1. EVENT INFORMATION (Compulsory)

1.1 Contact Information - Provide your contact information for this report

Full Name	Lia Nur Afrija
Name of the organisation	Aceh Bird Club
Name(s) of the division and/or position	Stering Committee
Type of the organisation - Government/NGO/Private Sector/Other	Student Club
Email	lianurafrija.bio17@fkip.unsyiah.ac.id
Postal address	23111
Office phone numbers	+62 82274541854
(Your) Cell number (optional)	+62 8 2210710487
Fax (optional)	-
Website (optional)	-
Additional contact person (optional)	+62 81368091314
Date of submission	April 10, 2022

1.2 Event Location - Where did your event take place?

Name of country	Indonesia
Name of city	Banda Aceh
Name of event place/venue	University of Syiah Kuala, Gampong Pande

1.3 Event Organiser - Who were organiser and/or sponsor for your event?

Event Organiser: Aceh Bidr Club and HIMABIO (Himpunan Mahasiswa Pendidikan Biologi) Faculty of Teacher Training and Education

1.4 Target Audience - Who were the participants for your event?

School students, teachers, or parents	√
University students	√
Researchers, scientist	√
birdwatchers	√
Site managers for flyway site and wetlands	
Decision or policy makers	
Media	√
Others – specify	

Registry: EAAFP/2022/068

1.5 Number of Participants - How many participants were there for your event?

100 persons

Section 2. EVENT PROGRAMME (Compulsory)

Provide your event agenda, programme or discussion paper here.

In celebration of World Migratory Bird Day 2022 in May Aceh Bird Club and HIMABIO celebration with some programs that are carried out on 16 to 22 May 2022 with a string of events such as:

This competition was held through online media on May 16 – 22, 2022 by registering through the online form that we provide in the publication in the form of a flyer. Flyer is published en masse by the committee and media partners through social media. This competition was attended by 3 participants from school students to university students.

The winner with the best short video, namely:

- 1st Winner: Mawadah
- 2nd Winner: Sandi Ginting
- 3rd Winner: Aqlima

3. WMBD 2022 Seminar with the theme "Dim the Lights for Birds at Night"

This seminar was organized by the Aceh Bird Club in collaboration with HIMABIO, held on Sunday, May 21, 2022, at 09.00-13.00 WIB at the Auditorium of

Registry: EAAFP/2022/068

FKIP University of Syiah Kuala. The WMBD 2022 Seminar invited 3 Speakers who are experts in the field of migratory birds and animal, namely:

Dr. Abdullah, M.Si is a lecturer at the Biology FKIP, University of Syiah Kuala “Discuss the Basics of Animal Conservation”

Tedi Wahyudi from Kelompok Studi Lingkungan Hidup (KSLH-Aceh) “Discuss the Types of Migratory Birds in Aceh and Their Threats”

Yuri Gagarin, M.Pd from Research Center for Elephant Conservation and Forest Biodiversity (PKGB) “Discuss Research Funding Opportunities”

There are 100 registrants for the WMBD 2022 Seminar among students, bird watchers, education personnel, and general public. The event was published in the university's online media and published in several other online media. so that it can be read by the general public who do not know about migratory birds.

4. Migratory Bird Watching

This activity was attended by students, bird watchers and the surrounding community who are active around the observation location. In addition to observing, participants also received an explanation of bird watching techniques from speakers who are experts in their fields. During the activity, the participants were very enthusiastic to observe the migratory birds. The observations were made to coincide with the spring migratory season, where the migratory birds are already heading back to their breeding grounds. From the observations observed 3 species of migratory birds, namely Eurasian Curlew, Common Sandpiper, and Lesser Sand plover.

2022 World Migratory Bird Day Celebrations in Aceh, Indonesia

Group photo of Bird Watching Activity Participants © Aceh Bird Club

Aceh Bird Club celebrated World Migratory Bird Day 2022 with a series of events that were carried out offline and online. The Aceh Bird Club also collaborated with the Himpunan Mahasiswa Biologi (HIMABIO) with the aim that more and more young people care about migratory birds and their habitats. The series of events started on 16 – 22 May 2022, over 100 students, the public, bird watchers and lecturers participated in the campaign activities, including poster design competition, short video competition, seminar, and bird watching.

Closing Ceremony of the Seminar © Aceh Bird Club

The first activities were a poster design competition and a short video competition to introduce the younger generation to the impact of light pollution on migratory birds and the small steps that can be taken to save birds and their habitats. This competition was held from 16 – 22 May 2022 which was conducted online, namely by registering on the online form provided by the committee and given time to submit the results of the painting. The winner was announced on 22 May 2022 via Instagram. The best works that become winners received prizes in the form of cash and certificates. The assessment was taken from the number of likes on Instagram and the judge's score. The winners with the best posters were:

- 1st Winner: Cut Naura Fahira Rahmi ([link](#))
- 2nd Winner: Ulfa Salsabila ([link](#))
- 3rd Winner: Aqlima ([link](#))
- Favorite Winner: Mawadah ([link](#))

The winner with the best short videos:

- 1st Winner: Mawadah ([link](#))
- 2nd Winner: Sandi Ginting ([link](#))
- 3rd Winner: Aqlima ([link](#))

The next activity was the 2022 WMBD seminar which was held on 21 May 2022 at the Auditorium FKIP Syiah Kuala University, with over 100 participants from various backgrounds. This seminar was led by 3 presenters, Dr, Abdullah M. Si from the University of Syiah Kuala, Tedi Wahyudi from Kelompok Studi Lingkungan Hidup, and Yuri Gagarin M.Pd from Research Center for Elephant Conservation and Forest Biodiversity, who are experts in their fields. Speakers presented on the “Basics of Animal Conservation,” “Types of Migratory Birds in Aceh and their Threats,” and “Research Funding Opportunities” respectively. The purpose of this seminar was to educate students, college students, the public, and bird lovers, so that we are aware of how to maintain the habitat of migratory birds to maintain its sustainability. Participants were very enthusiastic about listening to the material given by the lecturer, as well as asking questions to the presenters. Participants with the best questions were also given souvenir clothes and all participants were given e-certificates.

The last activity of the series was field observations which were carried out in Gampong Pande which is the location for the migration of migratory birds, this activity was carried out on 22 May 2022 from 06.30-10.00 WIB. Students and members of local communities who were active around the observation location participated. The participants were very enthusiastic to watch birds. In addition to bird watching, the participants also learned bird watching techniques from speakers who are experts in their fields. The observations were made to coincide with the spring migratory season, when the migratory birds are already heading to their breeding grounds. From the field trip, people could see Eurasian Curlew, Common Sandpiper, and Lesser Sand plover, etc.

1.7 Outcome - What is the outcome from your event?

We believe that participants who participate in our activities can become community pioneers in protecting migratory birds and their habitats.

1. Educate the public to protect migratory birds and the threats they face during migration
2. Cultivate a sense of responsibility and love for the environment
3. Establishment of a joint commitment to monitoring migratory birds in Banda Aceh
4. Build relationships between bird watchers and the community and stakeholders.

Any additional comment? (Optional)

I hope that in the future there will be more and more young Acehnese who care about migratory birds and their habitats. and hopefully the Aceh Bird Club can continue to cooperate with EAAFP, and if there is a research opportunity in Aceh, the Aceh Bird Club will gladly participate.

Note:

- Email us the electronic file (JPEG or PDF) of your language version of the WMBD poster published for EAAFP website;

Registry: EAAFP/2022/068

- Post its printed poster to the **EAAFP Secretariat**, if you can and have one;
- Take enough photos from events or activities with this WMBD poster and send us lots of photos in jpg or png format; and videos as well if you have one.
- Logos of WMBD and EAAFP have to be shown on all your printed and digital promotional materials.
