

Progress on implementation of the EAAFP Strategic Plan 2019-2028

ELEVENTH MEETING OF PARTNERS TO THE PARTNERSHIP FOR EAST ASIAN – AUSTRALASIAN FLYWAY
Meeanjin/Brisbane, Queensland, Australia, 12-17 March 2023

Overview

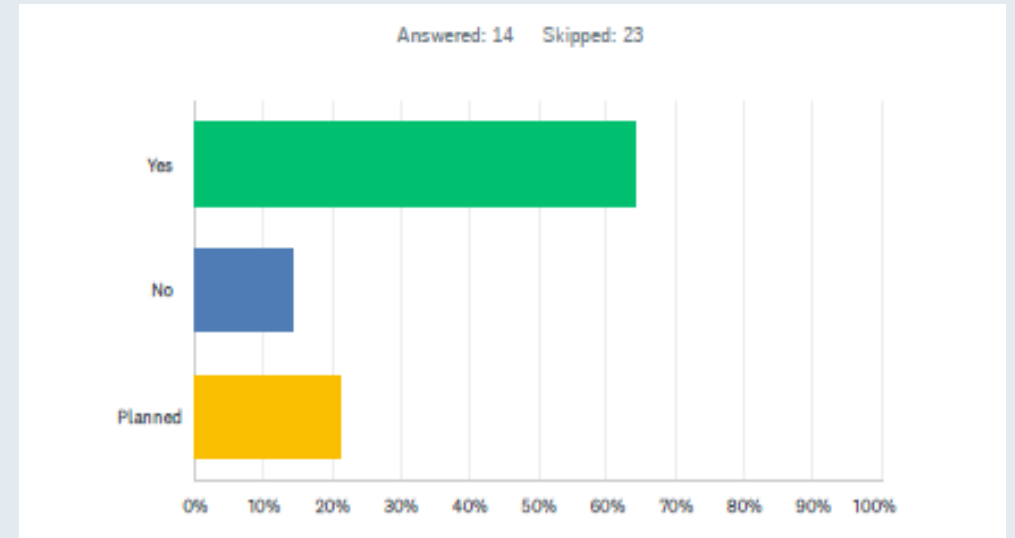

- **National Governments (12):** Australia, Bangladesh, Cambodia, China (Hong Kong S.A.R), Indonesia, Japan, Myanmar, New Zealand, Philippines, RO Korea, Singapore, Thailand, USA, Vietnam
- **Inter-Governmental Organisations (2):** ASEAN Centre for Biodiversity, Convention on Migratory Species;
- **International Non-Governmental Organizations (12):** Australasian Wader Studies Group - BirdLife Australia, BirdLife International, Hanns Seidel Foundation, Hong Kong Bird Watching Society, International Crane Foundation, Mangrove Foundation, Paulson Institute, Pukorokoro Miranda Naturalists Trust, Wetlands International, Wild Bird Society of Japan, Wildfowl & Wetlands Trust, WWF
- **International Organisation (1):** IUCN
- **Working Groups (5):** Anatidae, Black-faced Spoonbill, Crane, Seabird, Shorebird
- **Task Forces (3):** Baer's Pochard, Spoon-billed Sandpiper, Yellow Sea Ecoregion

Overview

- **Objective 1 (Question 1 - 14)** Develop the Flyway Network of sites of international importance for the conservation of migratory waterbirds, building on the achievements of the Asia-Pacific Migratory Waterbird Conservation Strategy, with the ultimate goal of establishing a sufficient and efficient network of sites with sustainable management.
- **Objective 2 (Question 15 - 22)** Objective 2 Enhance communication, education, participation and public awareness (CEPA) of the values of migratory waterbirds and their habitats.
- **Objective 3 (Question 23 - 32)** Enhance flyway research and monitoring activities, build knowledge and promote exchange of information on waterbirds and their habitats.
- **Objective 4 (Question 33 - 41)** Build the habitat and waterbird management capacity of natural resource managers, decision makers and local stakeholders.
- **Objective 5 (Question 42 - 53):** Develop, especially for priority species and habitats, flyway wide approaches to enhance the conservation status of migratory waterbirds.

Objective 1

- **Q1. (Govt)** Do you have a publicly accessible list of internationally important sites for migratory waterbirds in your country? If yes, please provide the web link or the reference in the below box. If not, would you like assistance from other Partners to develop such a list (please let us know your opinion in the box right below)?

Objective 1

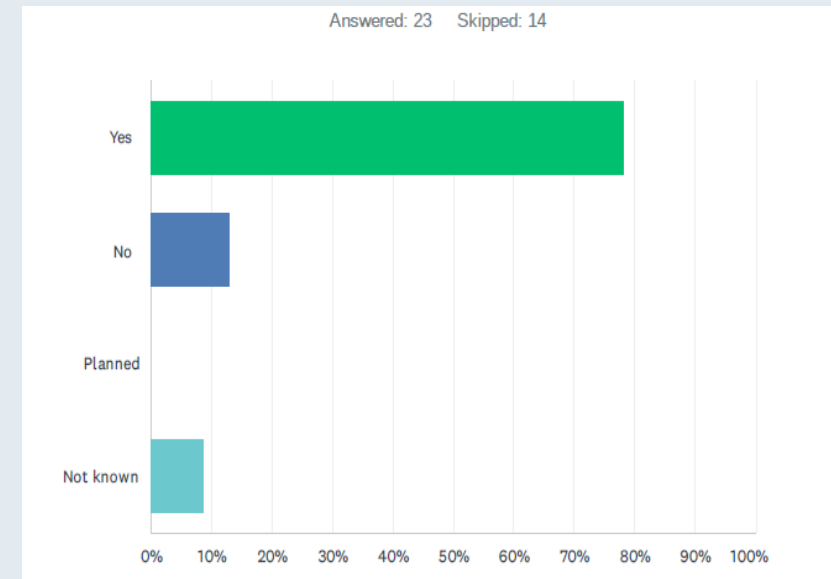

- **Q7. (Govt)** How many additional Flyway Network Sites do you anticipate there will be in your country by 2025?

Partner	Anticipated FNS	Site Name
Cambodia	2	Boeung Preklapouv Protected Landscape, and Ang Trorpang Thmor Protected Landscape
Indonesia	3	<ul style="list-style-type: none"> •Cemara Beach, Jambi •Bagan Percut, North Sumatera •Ulee Matang, North Aceh, Aceh Province
Japan	1	
Myanmar	6-8	Ongoing process
New Zealand	1	"We will seek to advance a nomination for Manukau Harbour".
Philippines	4	North Manila Bay (Sasmuan wetlands, Pamarawan/Sta Cruz, LPPWP, Balanga City Wetland Park), Lake Mainit, Siay-Kabasalan Wetlands, Candaba Swamp, Agusan Marsh Wildlife Sanctuary
RO Korea	6	Ganghwa Tidal Flat, Yeongjong Tidal Flat, Siheung Tidal Flat, Muan Tidal Flat, Jindo Tidal Flat, Bong-am Tidal Flat
Thailand	2	Burirum Flyway Site, Bangpu Nature Education Center.
USA	1	: (1) Cape Avinof Shoals (Kikegtek, Pingurbek, Kwigluk Island) in the Yukon-Kuskokwim Delta.
Vietnam	3	

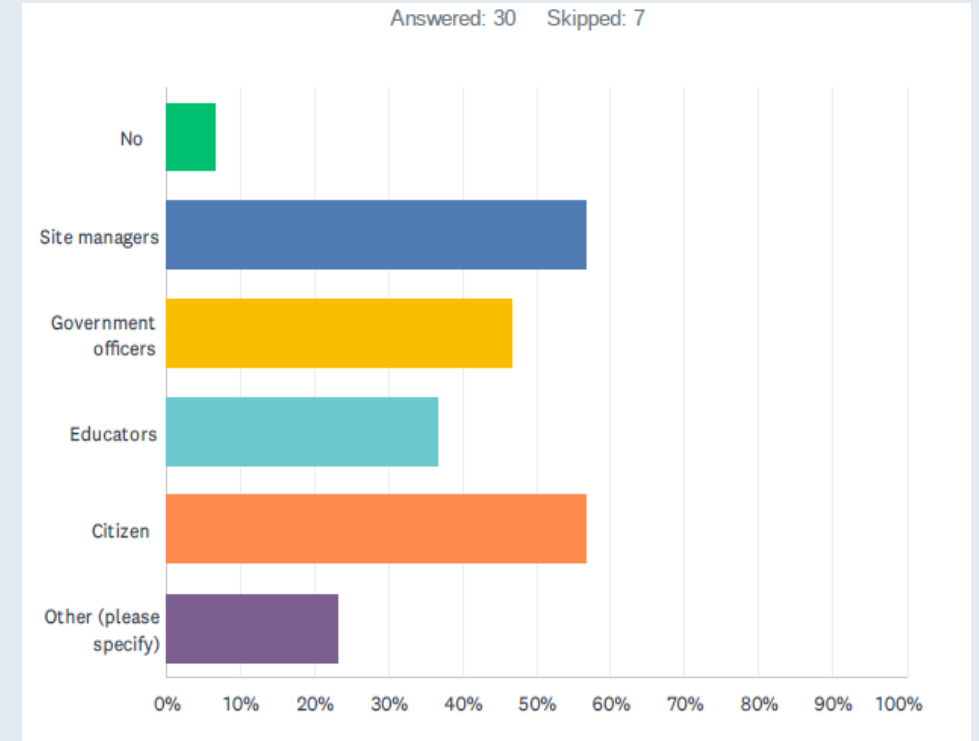

Objective 1

- **Q12. (Govt, INGO)** In your country, are there examples of local communities at Flyway Network sites that are dependent on the sites natural resources to support subsistence livelihoods? If yes, please provide details on the site/s and the use of natural resources.

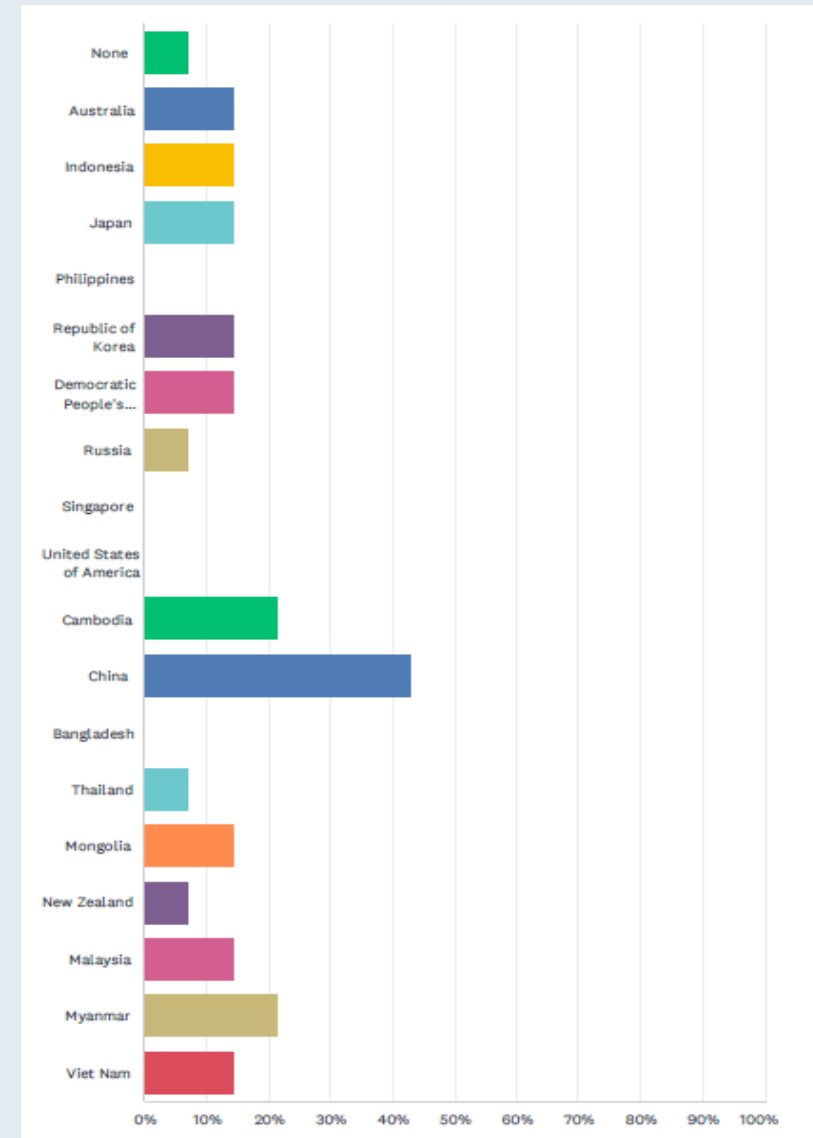

Objective 2

- **21. (Govt, INGO, TF/WG)** Has there been any training or capacity building delivered to stakeholders involved in the conservation of migratory birds and wetlands? If yes, please specify the audience/participants by marking the boxes that apply.

Objective 3

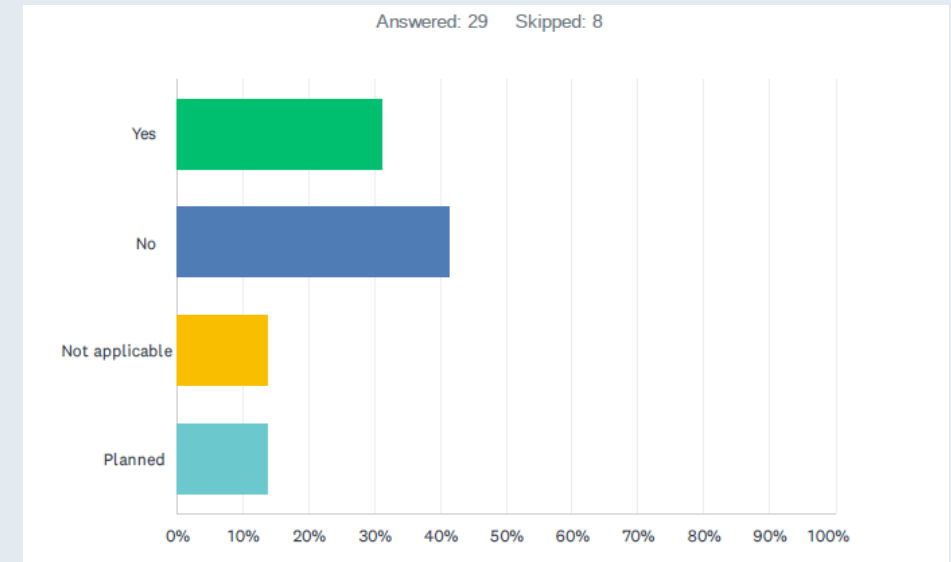

- **Q24. (INGO)** In what countries is your organisation involved in migratory waterbird and/or site monitoring (select all that apply)? Please provide details on the monitoring program(s) and monitoring efforts since MoP10 (December 2018).

ELEVENTH MEETING OF PARTNERS TO THE PARTNERSHIP FOR EAST ASIAN – AUSTRALASIAN FLYWAY
Meeanjin/Brisbane, Queensland, Australia, 12-17 March 2023

Objective 4

- **Q37. (Partners, TsC, TF/WG, Sec.)** Have you considered a training needs assessment in projects you have developed, funded, and/or implemented since MoP10 (December 2018)? If yes, please provide some additional information.

Objective 5

- **Q48. (Partners, TF/WG)** Has your organization been involved in any program(s) to assess changes in the status of populations of threatened waterbirds? If yes, please provide details.
